For the new website your company has just recently set up for me I want the following items found on [www.thetaxhelppro.com](http://www.thetaxhelppro.com) added to my new website at [www.williammcconnaughycpa.com](http://www.williammcconnaughycpa.com)

1. Left margin images of Golden Gate University Masters Degree diploma, and State Board of Accountancy CPA license.
2. Left margin image links of BBB Accredited Business, BBB Request A Quote, and California Board of Accountancy license lookup.
3. Add the Olark chat box to the lower left corner of the new website.
