Dear Mr.

You requested a hearing under the Collection Appeals Program in reference to your request for an installment agreement. The Settlement Officer contacted your representative on February 14, 2013 and discussed your request for an installment agreement. The Settlement Officer agreed to grant you an installment agreement for \$1,510.00 to resolve your account. The first payment is due March 28, 2013 with continued payments for \$1,510.00 due by the 28th of each month thereafter. Based on the information in the administrative file, Appeals do not agree with the decision to disallow your request for an installment agreement.

Based on the information in the case file, the Settlement Officer has determined the Compliance Division's determination to not allow the installment is not sustained.

You may contact IRS at (800) 829-1040 for questions you may have regarding your tax debt.

Our Collection Appeals Case file is closed and jurisdiction released. If you have any questions in regards to this letter, please contact Settlement officer Denise Williams at the number shown above

Sincerely,

Lisa Kelly
Appeals Team Manager
